KRISH SHARMA

9893951810 || sharmakrish1810work@gmail.com || LinkedIn || GitHub

SKILLS

Languages: C++, Python, JavaScript, HTML, CSS

Libraries: TensorFlow, PyTorch, React.js, Node.js, Express.js, Scikit-learn, NumPy, Pandas

Frameworks: Tailwind CSS Databases: MongoDB Other: Git, Figma

PROJECTS

Developing Adversarial Robustness in AI models(In Progress)

(Feb 2025 - Present)

(Python, Scikit-learn, PyTorch, Google Colab)

- Designing an AI model to maintain high accuracy under adversarial image perturbations using the Dresden and Forchheim image datasets.
- Implementing adversarial training techniques (FGSM, PGD) to fortify the model and evaluating performance across perturbed datasets.

SkillBridge AI Chatbot

(Feb 2025)

(Python, Langchain, HuggingFace, Flask, React Vite, Tailwind CSS)

- Built an AI chatbot that processes PDFs and images, enabling users to query document content.
- Integrated vector search with external tools (Wikipedia, ArXiv, DuckDuckGo) for enhanced retrieval.
- Developed a Flask backend with a React Vite frontend, styled using Tailwind CSS.

Natours - FullStack Project

(Sept-Oct 2024)

(Pug, JavaScript, Node.js, Express, MongoDB)

Integrated frontend with a Node.js backend and MongoDB database, implementing secure JWT-based user authentication.

EDUCATION

B.Tech Computer Science Engineering

 $2021\text{-}2025\ (\mathrm{C.G.P.A}-7.6)$

NIMS University, Jaipur, Rajasthan (NIRF ranking:- 101-105)

12th CBSE Board

2021~(76%)

Ratlam Public School, Ratlam (M.P.)

10th CBSE Board

2019 (81%)

Ratlam Public School, Ratlam (M.P.)

CERTIFICATIONS AND ACHIEVEMENTS

• Finalist Level SuperMind (GenAI) Hackathon

(Jan-2025)

• Cleared Smart India Hackathon 2024 Phase 1

(Sept-2024)

• Complete Generative AI Course With Langchain and Huggingface

Udemy (Dec-2024)

• Back End Web Development (Node.js, Express.js, MongoDB)

Udemy (Aug-Sept 2024)

• Front End Web Development with Responsive Design (HTML, CSS, JavaScript, Responsive Designing)

Udemy (Oct-Nov 2022)
